CRUISE'S TECHNICAL SPECIFICATIONS

The vessels thrive in splendid harmony with nature and its spectacular surroundings. By any standards, our guests appreciate the "no cruise" atmosphere and the sense that you are on board to explore one of the world's most intriguing and authentic environments.

The true detail that set Delfin apart from others is its dedication to collaborate the rich rainforest ecosystem with its own identity, which permeate through every aspect of the vessels and operations. Collected *irapay* leaves (typically seen on residential huts) form the boats' waterproof roofs, lamps made from spare *paiche* fish scales highlight common areas, quality woods from the forest form the very boat and Suites, and custom-made repellants and lotions made of natural jungle ingredients serve every guest.

When lazy afternoons roll around or if you want to gaze at the millions of southern stars set against the blackest of skies, venture to the top deck where soothing lounge space and a bar will lull you into pure relaxation.

The dress code is casual for all excursions and meals.
